5	<p>KINGSKERSWELL - 17/01330/FUL - Garth Gardens, Pound Lane - Demolition of existing dwelling and erection of two dwellings</p> <p>No updates received</p>
6	<p>DODDISCOMBSLEIGH – 10/00266/ENF – Mistleigh Farm Barns</p> <p>Since the Report was prepared a further site visit was carried out and it was clear that the caravan that was being used for residential purposes has been removed from the land. However, it appears that a campervan is now used in connection with the possible residential use. In addition from the recent site visit it was noted that the portable toilet, fridge, cooker and some other items are still situated in the existing building which make it possible for the site to be used for residential purposes.</p> <p>It is recommended that authorisation still be given to ensure any unauthorised use of the land for stationing of caravans or other vehicles for residential purposes or residential use of the building ceases.</p> <p>Three representations have been received to support enforcement action being taken. These each refer to the fact a caravan was initially used for residential purposes and since it was removed a campervan has been used instead. Although it seems the occupier has tried to hide the fact he has been staying overnight lights have been witnessed going on and off late at night and early in the morning. Also the occupier has been heard shouting at the dogs at night.</p> <p>In addition to the residential use the representations refer to the noise associated with the site from dogs barking and the use of generators. There is also reference to the use of lighting towers throughout the night. These issues are currently being dealt with by the Council's Anti-Social Behaviour Officer.</p>
