PRIVATE & CONFIDENTIAL

FAO Tom Butcher, Teignbridge District Council

Dear Tom,

Re: Newton Abbot Cinema / Town Centre Redevelopment

Further to our meeting of 20th January 2021, we are writing to you and the wider Teignbridge District Council and Councillors to say that we remain committed to bringing a high-quality new cinema to the Town Centre of Newton Abbot, and are pleased to hear that the application made to the Government's Future High Streets Fund was a successful one.

Whilst the last year has been a dreadful one for us as a company and the wider cinema industry because of the global pandemic, we do believe we as a company are well placed to recover in the coming months and years and are ready to adapt to the 'new normal' as we face the challenges ahead.

We are pleased to see this exciting new project move one step closer, and look forward to working with you to deliver a fantastic new cinema for the people of Newton Abbot and the surrounding area.

Yours sincerely,

David Williams MBE, Peter Hoare, Mark Williams, Dan Harris, Robert Williams
