

<u>Materials Key</u>

- Vertically laid Kingspan Composite Wall Panel Microrib KS600-1000 cover width 1000mm (RAL Ferrari Red) with projecting outer facade with perforated metal mesh panels - Finish TBC
- 2. Vertical standing seam zinc wall cladding cover width 1000mm
- 3. Kingspan preformed external corner (RAL Ferrari Red)
- Brick cavity wall to be an outer leaf of 102.5mm facing brickwork with bucket mortar joints, Weinerberger flashed black smooth multi brick or similar approved
- 5. Polyester powder coated aluminium projection surround (RAL Ferrari Red)
- 6. Polyester powder coated aluminium projection surround (RAL 9011 Graphite Black)
- 7. LED media Facade
- 8. Double glazed polyester powder coated thermally broken aluminium curtain walling-vertical cover and horizontal caps with automated polyester powder coated thermally broken aluminium double glazed entrance doors. (RAL 9011 Graphite Black)
- Double glazed polyester powder coated thermally broken aluminium curtain walling (RAL 9011 Graphite Black)
- 10. GKD Media Mesh
- Parapet capping Alumasc Skyline system or similar polyester powder coated aluminium coping, colour (RAL 9011 Graphite Black)
- 12. Fire Exit Doors (RAL 9011 Graphite Black) polyester powder coated metal door and frame, colour (RAL 9011 Graphite Black)
- 13. Polyester powder coated metal lourvred door and frame (RAL 9011 Graphite Black)
- 14. Polyester powder coated metal lourvre (RAL 9011 Graphite Black)
- 15. Insulated spandrel glass panel
- Vertically laid Kingspan Composite Wall Panel Microrib KS600-1000 cover width 1000mm (RAL Ferrari Red)
