

REGULATORY & APPEALS COMMITTEE

CHAIRMAN: Cllr Dennis

DATE: 18 September 2017
REPORT OF: Licensing Officer
SUBJECT: Hackney Carriage Vehicle Extensions

PART I

RECOMMENDATION

The Regulatory & Appeals Committee is recommended to resolve whether to grant or refuse this request.

1. PURPOSE

The Committee is asked to consider a request from Mr Philip Street to renew and extend a two Hackney Carriage vehicle licences for a further 12 months (Appendix A).

2. BACKGROUND

Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that :

'A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

All vehicle licences are issued annually. Section 43 of the Town Police Clauses Act 1847 provides that *'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so*

TEIGNBRIDGE DISTRICT COUNCIL

licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and

Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that 'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.

The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public.

The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

Request A - The vehicle, a Volkswagen Sharan, EY55 OUD which the applicant wishes the Committee to consider was first registered on 1 September 2005 and will be 12 years old, if granted. The current Hackney Carriage licence expires on 24 September 2017. The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

The vehicle has a current MOT that expires on the 7 July 2018 and had no advisories. The vehicle passed a taxi test on 29th August with no advisories.

The vehicle has been inspected by a licensing officer and is in excellent condition internally and externally.

It has been requested that the vehicle is made available at the hearing for inspection by the Committee should the members wish to do so.

Request B – This request has been withdrawn

Request C - The vehicle, a Volkswagen Sharan, LN55 YNM which the applicant wishes the Committee to consider was first registered on 1 September 2005 and will be 12 years old, if granted. The current Hackney Carriage licence expires on 24 September 2017. The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

The vehicle has a current MOT that expires on the 28 July 2018 and had no advisories. The vehicle passed a taxi test on 1st September with two advisories, OSF tyre wearing inner edge, stone chip Zone A under 10mm..

The vehicle has been inspected by a licensing officer and is in good condition internally and externally. The alloys are a bit scuffed, internal handles inside are scratched but will be made good. Cuff on the gear stick showing signs of wear.

It has been requested that the vehicle is made available at the hearing for inspection by the Committee should the members wish to do so.

TEIGNBRIDGE DISTRICT COUNCIL

3. CONSULTATION

The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009 after taking into account the views from the trade was as follows:

“The Committee decided that vehicles being presented for initial licensing must be under five years old.”

With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose built cabs. However the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides *‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’*

4. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

5. OPTIONS

- a. Grant the requests, with or without the condition set out in c. below
- b. Refuse the request.
- c. If the Committee resolve to license the vehicle, Committee is asked to consider whether it is necessary to impose a condition requiring the vehicle to have six or four monthly vehicle inspections.
