<b>Appendices / Background Papers</b>	A: Request for extension B: MOT history C: Photographs

#### 1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 21 September 2009  
Age of vehicle, if granted - 13 years and 8 months  
Private Hire licence expires on 26 May 2023

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires on 5 May 2023 with no advisories. Further information to be provided at the hearing.
- 1.3 Vehicle inspection details to be provided at the hearing.
- 1.4 **Licensing Officer:**  
Vehicle inspected -  
At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

## **2. RELEVANT POLICY AND LAW**

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

*A vehicle being presented for initial licensing is required to be under five years old at first registration.*

*A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.*

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 48(4)(c) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

*'Every licence granted under this section shall— (c) remain in force for such period not being longer than one year as the district council may specify in the licence'.*

- 2.4 Section 48(2) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

*'A district council may attach to the grant of a licence under this section such conditions as they may consider reasonably necessary including, without prejudice to the generality of foregoing provisions of this subsection, conditions requiring or prohibiting the display of signs on or from the vehicle to which the licence relates.'*

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009 after taking into account the views from the trade was as follows:

*“The Committee decided that vehicles being presented for initial licensing must be under five years old.”*

2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose built cabs. However the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

*‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’*

2.9 In summary, the Committee is required to ensure that Public Safety is not compromised by the granting of an extension of the licence. If it is satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

### **3. FINANCIAL IMPLICATIONS**

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

### **4. LEGAL**

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

## **Regulatory and Appeals Committee**

Dear Chairman and Councillors

I would like to appeal for an extension to my vehicle BV12 HGG, a White Ford Galaxy.

The licence is due to expire 30<sup>th</sup> May 2023 and will be 11 years and 2 months. The vehicle is in excellent condition inside and out and is maintained to a high standard.

The price of purchasing second-hand vehicles that are under 5 years old has risen greatly, coupled with the increasing cost of living it is a financially unstable time for growing businesses. I hope that the committee will look favourably upon my request.

I will present my vehicle to the Licensing Officer for inspection on request so that they can confirm that it was in good physical condition.

Yours faithfully

Scott Winter

<b>Options</b>	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
<b>Report Author</b>	Debbie Rosenveldt, Licensing Officer licensing@teignbridge.gov.uk
<b>Appendices / Background Papers</b>	A: Request for extension B: MOT history

#### 1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 24 December 2012  
Age of vehicle, if granted - 10 years and 5 months  
Hackney Carriage licence expires on 18 May 2023

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires 4 April 2024 with 2 advisories.
- 1.3 Vehicle inspected at the Depot on 26 April 2023 – details to be provided at the hearing.
- 1.4 **Licensing Officer:**  
Vehicle checked -  
At the time of writing this report the vehicle had not been inspected by a licensing officer. Photographs to be provided at the hearing.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

## 2. RELEVANT POLICY AND LAW

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

*A vehicle being presented for initial licensing is required to be under five years old at first registration.*

*A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.*

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

*'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and*

- 2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

*'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.*

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009 after taking into account the views from the trade was as follows:

*"The Committee decided that vehicles being presented for initial licensing must be under five years old."*

2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose built cabs. However the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

*‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’*

2.9 In summary, the Committee is required to ensure that Public Safety is not compromised by the granting of an extension of the licence. If it is satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

### **3. FINANCIAL IMPLICATIONS**

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

### **4. LEGAL**

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

Dear concerned

As you are probably aware my taxi reg: DN62 WNU H440 is coming to the end of its 10 year working life on 18/05/23.

I would like to apply for an extension on this vehicle due to it exceptional condition i have always maintained this vehicle to the highest possible standard and I have spent over £4000 in the last year alone. On top of this the vehicle had pretty much 2 years off work during the Covid 19 Pandemic so it has n to reached the milage I would expect of a taxi of this age.

I look forward ho hearing from you on this matter.

Kind Regards

Ben Clement

## **Regulatory and Appeals Committee**

Dear Chairman and Councillors

I would like to appeal for an extension to my vehicle DX13 OVS, Grey Vauxhall Zafira.

The licence is due to expire 18<sup>th</sup> May 2023 and will be 10 years and 2 months. The vehicle is in excellent condition inside and out.

The cost of replacing vehicles with ones under 5 years old in this current financial climate has risen considerably. This vehicle is only just over 10 years old and has a lot more mileage in it for use as a taxi.

I hope that the committee will look favourably upon my request.

I will present my vehicle to the Licensing Officer for inspection on request so that they can confirm that it was in excellent physical condition.

Yours faithfully

Colin Freestone

## TEIGNBRIDGE DISTRICT COUNCIL

### LICENSING AND REGULATORY SUB COMMITTEE

16 May 2023

#### PART I

<b>Report Title</b>	<b>Request for Hackney Carriage Vehicle Extension for further 12 months KV08 XOC Silver Mercedes E220</b>
<b>Purpose</b>	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
<b>Applicant</b>	Mr E Alipour
<b>Options</b>	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
<b>Report Author</b>	Debbie Rosenfeldt, Licensing Officer licensing@teignbridge.gov.uk
<b>Appendices / Background Papers</b>	A: Request for extension B: MOT history C: Vehicle Inspection Sheet D: Photographs

#### 1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 27 March 2008  
Age of vehicle, if granted - 15 years and 2 months  
Hackney Carriage licence expires 27 May 2023

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires on 28 April 2024 with no advisories.  
1.3 Vehicle inspection completed on 25 April 2023.

- 1.4 **Licensing Officer:**  
Vehicle checked – 26 April 2023  
Officer comments:  
The vehicle was seen for photographs. It is in immaculate condition, both inside and out.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

## **2. RELEVANT POLICY AND LAW**

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

*A vehicle being presented for initial licensing is required to be under five years old at first registration.*

*A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.*

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

*'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and*

- 2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

*'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.*

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009 after taking into account the views from the trade was as follows:

*“The Committee decided that vehicles being presented for initial licensing must be under five years old.”*

2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose built cabs. However the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

*‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’*

2.9 In summary, the Committee is required to ensure that Public Safety is not compromised by the granting of an extension of the licence. If it is satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

### **3. FINANCIAL IMPLICATIONS**

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

### **4. LEGAL**

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

This page is intentionally left blank

The reason for the application to the committee is he is not inclined to buy a new vehicle and take a loan at age 72. He wants to continue his school contract as long as he is medically fit to do so. He maintains his vehicles to a high level and therefore is happier with the vehicles he has purchased from brand new rather than buy a cheap car he doesn't have any history with.

Very best wishes  
Denise and Eassa

## **Regulatory and Appeals Committee**

Dear Chairman and Councillors

I would like to appeal for an extension to my vehicle MK12 YWA, Ford Mondeo.

The licence is due to expire 16<sup>th</sup> May 2023.

The vehicle is in good mechanical and physical condition.

The cost of replacing this vehicle with one that is under 5 years old is not something I am currently able to afford, the increase cost of second-hand cars and the rate of inflation is having a huge effect on the industry.

I hope that the committee will look favourably upon my request.

I understand that I have to present the vehicle to a licensing officer so that a report can be prepared and that it must have a taxi test at the depot prior to the next committee hearing.

Yours faithfully

Constantin Pop
