**94. APOLOGIES**

**96. MINUTES**

The Minutes of the meetings held on 27 March 2024, 3 April 2024, 18 April 2024, 25 April 2024 and 15 May 2024 were unanimously approved as a correct record and signed by the Chair.

**97. REQUEST FOR HACKNEY CARRIAGE VEHICLE EXTENSION FOR FURTHER 12 MONTHS - KV09 WPK**

The Sub-Committee noted the information provided by way of the report and the written representation from the Applicant's representative. In particular the Sub-Committee noted that the vehicle's MOT certificate expires in April 2025, with no advisories and that the vehicle originally failed its annual taxi inspection test on 17 May 2024. The reason for failure had been fixed and the vehicle then passed its retest on 22 May 2024.

The Sub-Committee noted that whilst the car had a valid MOT, the tyres had been below the legal limit when first tested and this was listed as a dangerous defect. The Sub-Committee stressed the importance of ensuring tyres are checked regularly and not just upon presentation for testing, however they were satisfied that the vehicle was now in a good and sound condition and that public safety would not be compromised by the granting of the licence sought.

**Decision**

Accordingly, the Sub-Committee grants the Hackney Carriage Vehicle Licence Extension as detailed in the report with the condition of 4 monthly vehicle

inspection tests being completed. The Sub-Committee felt that the additional taxi inspection tests due to the age of the vehicle was reasonable to ensure the vehicle remains in a safe condition. Should the vehicle fail these tests then it could be brought back to committee if considered necessary.

Cllr D Rollason  
Chair

## LICENSING AND REGULATORY SUB COMMITTEE

10 July 2024

### PART I

<b>Report Title</b>	<b>Request for Hackney Carriage Vehicle Extension for further 12 months DX13 OVS, Grey Vauxhall Zafira</b>
<b>Purpose</b>	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
<b>Applicant</b>	Mr Colin Freestone
<b>Options</b>	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
<b>Report Author</b>	Andrea Furness, Licensing Manager licensing@teignbridge.gov.uk
<b>Appendices / Background Papers</b>	A: Request for extension B: MOT history C: Inspection sheet D: Photographs

#### 1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 19 March 2013  
Age of vehicle, if granted - 11 years and 3 months  
Hackney Carriage licence expires – 18 May 2024

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires on 9 May 2025 with 1 minor defect and 3 advisories.
- 1.3 This vehicle was presented to committee on 15 May 2024. It had failed the inspection at the Depot on 3 May 2024 due to the taxi light not working and no tariff card. The vehicle was retested and passed on 16 May, the day after the May committee hearing. The retested inspection sheet is attached.
- 1.4 **Licensing Officer:**  
Vehicle checked -  
At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

## **2. RELEVANT POLICY AND LAW**

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

*A vehicle being presented for initial licensing is required to be under five years old at first registration.*

*A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose-built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.*

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

*'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and*

- 2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

*'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.*

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

*“The Committee decided that vehicles being presented for initial licensing must be under five years old.”*

- 2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose-built cabs. However, the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

- 2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

*‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’*

### **3. FINANCIAL IMPLICATIONS**

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

### **4. LEGAL**

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

## **Regulatory and Appeals Committee**

Dear Chairman and Councillors

I would like to appeal for an extension to my vehicle DX13 OVS, Grey Vauxhall Zafira.

The licence is due to expire 18<sup>th</sup> May 2024 and will be 11 years and 2 months. The vehicle is in excellent condition inside and out.

The cost of replacing vehicles with ones under 5 years old in this current financial climate has risen considerably. This vehicle is only just over 11 years old and has a lot more mileage in it for use as a taxi.

I hope that the committee will look favourably upon my request.

I will present my vehicle to the Licensing Officer for inspection on request so that they can confirm that it was in excellent physical condition.

Yours faithfully

Colin Freestone

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six monthly vehicle inspections be imposed.

## **2. RELEVANT POLICY AND LAW**

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

*A vehicle being presented for initial licensing is required to be under five years old at first registration.*

*A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.*

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 48(4)(c) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

*'Every licence granted under this section shall— (c) remain in force for such period not being longer than one year as the district council may specify in the licence'.*

The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

*“The Committee decided that vehicles being presented for initial licensing must be under five years old.”*

- 2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose built cabs. However the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”
- 2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

*‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’*

<b>Purpose</b>	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
<b>Applicant</b>	Mr Kevin Lynn
<b>Options</b>	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
<b>Report Author</b>	Debbie Rosenveldt, Licensing Officer licensing@teignbridge.gov.uk
<b>Appendices / Background Papers</b>	A: Request for extension B: MOT history C: Photographs

#### 1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 25 July 2013  
Age of vehicle, if granted - 10 years and 11 months  
Private Hire licence expires – 23 July 2024

The vehicle will no longer meet the Council’s licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires on 8 August 2024 with no advisories.
- 1.3 Vehicle inspection – to be advised. Details to be provided prior to the hearing.
- 1.4 **Licensing Officer:**  
Vehicle inspected -  
Officer comments.  
At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

## **2. RELEVANT POLICY AND LAW**

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

*A vehicle being presented for initial licensing is required to be under five years old at first registration.*

*A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.*

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 48(4)(c) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

*'Every licence granted under this section shall— (c) remain in force for such period not being longer than one year as the district council may specify in the licence'.*

- 2.4 Section 48(2) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

*'A district council may attach to the grant of a licence under this section such conditions as they may consider reasonably necessary including, without prejudice to the generality of foregoing provisions of this subsection, conditions requiring or prohibiting the display of signs on or from the vehicle to which the licence relates.'*

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

*“The Committee decided that vehicles being presented for initial licensing must be under five years old.”*

- 2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose built cabs. However the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”
- 2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

*‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’*

### **3. FINANCIAL IMPLICATIONS**

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

### **4. LEGAL**

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

<b>Report Author</b>	Debbie Rosenveldt, Licensing Officer licensing@teignbridge.gov.uk
<b>Appendices / Background Papers</b>	A: Applicant request B: MOT history C: Photographs

#### 1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 29 April 2019  
Age of vehicle, if granted - 5 years and 3 months

The vehicle does not meet the Council's licensing policy as it is over 5 years of age.

- 1.2 MOT expires on 21 June 2025 with no advisories.

- 1.4 **Licensing Officer:**

Officer comments.  
The vehicle was in good condition internally and externally.

Recommendation:

This vehicle is just over 5 years of age and would not have been put before committee had it been submitted earlier this year. Members are to determine whether to grant a licence.

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

*A vehicle being presented for initial licensing is required to be under five years old at first registration.*

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 48(4)(c) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

- 2.4 Section 48(2) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

*'A district council may attach to the grant of a licence under this section such conditions as they may consider reasonably necessary including, without prejudice to the generality of foregoing provisions of this subsection, conditions requiring or prohibiting the display of signs on or from the vehicle to which the licence relates.'*

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

*"The Committee decided that vehicles being presented for initial licensing must be under five years old."*

- 2.7 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

*'that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.'*

## **3. FINANCIAL IMPLICATIONS**

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates' Court.

#### **4. LEGAL**

The Committee are required only to ensure that Public Safety is not compromised by the granting of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

2<sup>nd</sup> May 2024

## **Regulatory and Appeals Committee**

Dear Councillors

I would like to request that my vehicle is considered for licensed for private hire. The vehicle was first registered 29<sup>th</sup> April 2019 and will be 5 years and X days old, depending on the date of the committee hearing.

My vehicle is Citroen C3 Flair and is in excellent condition inside and out. It has fairly low mileage for a 5 year old car with only 39,598 miles on the clock and the last MOT only had one advisory for the rear tyres. All four tyres have been replaced.

I can not afford to replace this vehicle with a new one as I am just starting out on this new journey. I was hoping that my driver application would have been completed by the 29<sup>th</sup> April but the process took slightly longer than I expected. I hope you will look favourably on my application.

Yours sincerely

Ramona-Ionella Dragu
