1. RELEVANT POLICY AND LAW

Section 48 (6)(a) of the Local Government (Miscellaneous Provisions) Act 1976 provides that

‘Subject to the provisions of this Part of this Act, no person shall use or permit to be used in a controlled district as a private hire vehicle in respect of which a licence has been granted under this section unless the plate or disc issued in accordance with subsection (5) of this section is exhibited on the vehicle in such manner as the district council shall prescribe by condition attached to the grant of the licence.’

The Council's requirement for the display of licence plates on the rear of licensed vehicles is set out in the Hackney Carriage and Private Hire Licensing Policy, at paragraph 9.4 on page 27.

‘9.4 Licence Plates

The licensing plate identifying the vehicle as Hackney Carriage or Private Hire shall be securely fixed to the outside rear of the vehicle in a position as approved by the Council whilst the vehicle is being used for hire purposes and shall be kept fully visible and legible at all times.

A vehicle identification badge shall be fixed to the front windscreen in a position that meets current MOT regulations. The badge will display the plate number, vehicle model, registration and number of passengers on the front face with the Council's details and plate number on the rear.'

Small plates have previously been granted for specialist vehicles when the main use has been for weddings and special occasions. The removal of a plate from a licensed vehicle is not permitted at any time.

2. APPLICATION DETAILS

4. FINANCIAL IMPLICATIONS

None.

Licensing Team and Appeals Committee,

I am writing to you in regards to an application for a small private hire plate/sticker for a VW Touareg Hybrid we have recently purchased.

The vehicle is 1 years old (registered 20/10/2023) and would be used for events such as weddings, funerals, business meetings and rarely, school contracts.

The small plate would give this car a more executive feel and would alleviate any problems or damage if we were to fix a full plate to the vehicle.

I would appreciate it if you could take this into consideration.

Many thanks,

Lee Ellison.

LICENSING AND REGULATORY SUB COMMITTEE

14 November 2024

PART I

Report Title	Request for Hackney Carriage Vehicle Extension for further 12 months DY63 VKL Black Volkswagon Passat
Purpose	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
Applicant	Mr Mihail Gheorghe
Options	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
Report Author	Debbie Rosenveldt, Licensing Officer licensing@teignbridge.gov.uk
Appendices / Background Papers	A: Request for extension B: MOT history C: Photographs

1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 30 September 2013
Age of vehicle, if granted - 11 years and 2 months
Hackney Carriage licence expires – 27 November 2024

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires on 14 November 2025 with 4 advisories – see Appendix B.
- 1.3 Vehicle inspection booked at the Depot on 13 November – details to be provided prior to the hearing.
- 1.4 **Licensing Officer:**
Vehicle checked -
Officer comments.

At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

2. RELEVANT POLICY AND LAW

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose-built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and

- 2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

“The Committee decided that vehicles being presented for initial licensing must be under five years old.”

2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose-built cabs. However, the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

Regulatory and Appeals Committee

Dear Chairman and Councillors

I would like to appeal for an extension to my vehicle DY63 VKL a black Volkswagen Passat, first registered 30th September 2013.

The licence is due to expire 27th November 2024 and will be 11 years and 2 months old. The vehicle is in excellent internal and external condition. The car drives beautifully and is a very smooth ride and I keep it very well maintained and it always smells clean and fresh. I have it regularly serviced and always have the best oil and filters when the service is done.

I am not in the financial position to replace this vehicle with one that is under 5 years old due to the increasing cost of rent etc.

I keep this car at a very high standard and it is mechanically in excellent working order. The car drives beautifully and is a very smooth ride and I keep it very well maintained and it always smells clean and fresh. I have it regularly serviced and always have the best oil and filters when the service is done.

Please consider my application for an extension.

Yours faithfully

Mihail Gheorghe
