Report Author	Mrs Andrea Furness, Licensing Manager licensing@teignbridge.gov.uk
Appendices / Background Papers	A: Request for extension B: MOT history C: Photographs

1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 1 September 2014
Age of vehicle, if granted - 19 years and 8 months
Hackney Carriage licence expired – 22 May 2025

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires – 4 June 2025 with the following advisories:

Minor defects
Battery insecure but not likely to fall from carrier hold down clamp missing (4.13 (a) (i))
Advisories
Offside Front tyre wearing on inside edge

- 1.3 Vehicle inspection booked at the Depot on 29 April – and failed. The vehicle has been booked for retest on 28 May 2025. (to follow)

1.4 Licensing Officer:

At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

2. RELEVANT POLICY AND LAW

2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose-built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

2.2 All vehicle licences are issued annually.

2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and

2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.

2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

“The Committee decided that vehicles being presented for initial licensing must be under five years old.”

- 2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose-built cabs. However, the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

- 2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

Regulatory and Appeals Committee

Good morning, Chairman and Councillors

I would like to request an extension on vehicle H590, BV64 BZX. A black Vauxhall Zafira first registered 1st September 2014. The vehicle will be 10 years and 9months old when the current licence expires 22nd May 2025.

The vehicle is in excellent condition inside and out and is regularly serviced. As a company we endeavour to maintain all vehicles in the fleet to a high standard. Tower TQ12 Ltd are continually upgrading the vehicles in the fleet to newer models but request extensions to the plates if we consider that the vehicle is still in excellent condition. It is of great benefit to have a spare vehicle in case of breakdowns or accidents so being able to keep this vehicle licensed enables us to do this.

I would be grateful if you would grant an extension of 12 months on this vehicle

Yours sincerely

Scott Winter

Director

Regulatory and Appeals Committee

Dear Chairman and Councillors

I would like to appeal for an extension to my vehicle DX13 OVS, Grey Vauxhall Zafira.

The licence is due to expire 18th May 2025 and will be 12 years and 2 months. The vehicle is in excellent condition inside and out.

The cost of replacing vehicles with ones under 5 years old in this current financial climate has risen considerably. This vehicle is only just over 12 years old and has a lot more mileage in it for use as a taxi.

I hope that the committee will look favourably upon my request.

I will present my vehicle to the Licensing Officer for inspection on request so that they can confirm that it was in excellent physical condition.

Yours faithfully

Colin Freestone

Purpose	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
Applicant	Mr Ugur Kucuk
Options	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
Report Author	Mrs Andrea Furness, Licensing Manager licensing@teignbridge.gov.uk
Appendices / Background Papers	A: Request for extension B: MOT history C: Photographs D: Vehicle Inspection Sheet

1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 27 March 2008
Age of vehicle, if granted - 17 years and 2 months
Hackney Carriage licence expires – 27 May 2025

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires – 28.04.2026 with no advisories.

- 1.3 Vehicle inspection booked at the Depot on 12 May 2025 and failed, it has been retested and passed with the following advisories:
- Rear chassis and suspension covering in underseal
 - Nearside front under tray insecure
 - Slight side to side play nearside front wheel

1.4 Licensing Officer:

At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

2. RELEVANT POLICY AND LAW

2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose-built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

2.2 All vehicle licences are issued annually.

2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and

2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.

2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

“The Committee decided that vehicles being presented for initial licensing must be under five years old.”

- 2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose-built cabs. However, the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

- 2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

Regulatory and Appeals Committee

Dear Chairman and Councillors

I would like to appeal for an extension to my vehicle KV08 XOC, a Silver Mercedes E220 first registered 27th March 2008.

The licence is due to expire 2nd May 2025 and will be 17 years and 1 month old.

The vehicle is in excellent condition inside and out. It has an original Mercedes engine which is far superior to the modern engines now being fitted in Mercedes.

The vehicle complements my other Mercedes that is often used for weddings and special occasions. Having a 2nd high class Mercedes will enable customers to order both vehicles for weddings.

Have a fleet of vehicles but have a few problems with 3 at the moment that are garage bound awaiting engine parts. To keep this vehicle as part of my fleet at this current moment in time would be invaluable to me.

It was extremely well maintained by its previous long- time owner. I will present my vehicle to the Licensing Officer for inspection on request so that they can confirm that it was in good physical condition.

If the vehicle is granted an extension, I understand that it will be subject to 6 monthly inspections and I will be happy to comply with this.

This vehicle is still in excellent working order so please consider my application for an extension.

Yours faithfully

Ugur Kucuk

Dear committee,

I would like you to consider my taxi's license extension. It has been looked after very well and cared for. It is immaculate both inside and outside. I have attached pics for you to see. I always kept customer safety and comfort first and this taxi is a proof for that. Never involved in any accident and no scratches or dents.

Kind regards

TEIGNBRIDGE DISTRICT COUNCIL

29 May 2025

PART I

Report Title	Request for Hackney Carriage Vehicle Extension for further 12 months Silver, Skoda Superb, SA14 CAB
Purpose	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
Applicant	Mrs Sally-Ann Moore
Options	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
Report Author	Mrs Andrea Furness, Licensing Manager licensing@teignbridge.gov.uk
Appendices / Background Papers	A: Request for extension B: MOT history C: Photographs D: Vehicle Inspection Sheet

1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 21 May 2014
Age of vehicle, if granted - 11 years old
Hackney Carriage licence expires – 27 May 2025

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires – 19 May 2026 with one advisory.

Monitor and repair if necessary (advisories):

- Front Brake disc worn, pitted or scored, but not seriously weakened (1.1.14(a)(ii))

- 1.3 Vehicle inspection booked at the Depot for – 14 May 2025 and passed with advisories:

- Paint repair to offside rear
- Front tyres worn inside edges

1.4 Licensing Officer:

At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

2. RELEVANT POLICY AND LAW

2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose-built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

2.2 All vehicle licences are issued annually.

2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and

2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.

2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

“The Committee decided that vehicles being presented for initial licensing must be under five years old.”

- 2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose-built cabs. However, the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

- 2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

TEIGNBRIDGE DISTRICT COUNCIL

LICENSING AND REGULATORY SUB COMMITTEE

29 May 2025

PART I

Report Title	Request for Private Hire Vehicle Extension for further 12 months – P417 White, Volkswagen Touareg, KX64 OZF
Purpose	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
Applicant	Mr Lee Ellison
Options	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
Report Author	Mrs Andrea Furness, Licensing Manager licensing@teignbridge.gov.uk
Appendices / Background Papers	A: Request for extension B: MOT history C: Photographs D: Vehicle Inspection Sheet

1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 20 November 2014
Age of vehicle, if granted - 10 years and 6 months
Private Hire licence expires – 7 June 2026

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT expires – 3 December 2025 with no advisories.
- 1.3 Vehicle inspection booked at the Depot for – 21 May 2025
- 1.4 **Licensing Officer:**

At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

2. RELEVANT POLICY AND LAW

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 48(4)(c) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

'Every licence granted under this section shall— (c) remain in force for such period not being longer than one year as the district council may specify in the licence'.

- 2.4 Section 48(2) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

'A district council may attach to the grant of a licence under this section such conditions as they may consider reasonably necessary including, without prejudice to the generality of foregoing provisions of this subsection, conditions requiring or prohibiting the display of signs on or from the vehicle to which the licence relates.'

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

“The Committee decided that vehicles being presented for initial licensing must be under five years old.”

2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose built cabs. However the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Regulatory and Appeals Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

Licensing Team and Appeals Committee,

I am writing to you in regards to an application to extend the licence on this vehicle. (KX64 OZF)

The vehicle is now 10 years old (registered 20/11/2014) and would be used solely for school contracts.

The vehicle is in great condition. The bodywork is sound. The interior is still spotless and the vehicle has only done just under 95,000 miles.

I would appreciate it if you could take this into consideration.

Many thanks,

Lee Ellison.

Subject: Re: New vehicle

Hi I have just purchased this car it has just had a new clutch fitted as well as a full service including the cam belt, the car is in excellent condition inside and out, I understand the car is older than 5 five years old, I would very much appreciate if you could consider excepting this car for the 12 months, as that would give me the opportunity to earn for a newer car many thanks.

Whether to grant a licence or not. If the Committee resolves to license the vehicle, a condition can be imposed requiring the vehicle to have six or four monthly vehicle inspections.

2. RELEVANT POLICY AND LAW

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and

- 2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

"The Committee decided that vehicles being presented for initial licensing must be under five years old."

- 2.7 2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

'that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.'

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates' Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of the licence. If they are satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

Subject: Re: YA18 UWX

Good afternoon,

As requested I would like to confirm that I would like to take my vehicle to committee for it to be considered as a taxi.

I understand that I have to take it to committee as it is over 5 years old.
The reason I put this application in is because recently my older brother had some inheritance money left to him from our nan who passed away very early this year. He knew how much I had been struggling and couldn't afford to buy my own car as a taxi, so as a way to help me out and as a complete surprise to me, he used the inheritance money left from my Nan to buy me a car to be plated as a taxi, he doesn't know how it works with taxis and was unaware of the 5 year rule he just wanted to do a nice thing. I have done everything as requested in the application and the car itself is in pristine condition and it flew through its MOT that I recently had done. I would be very grateful if I could take it to committee on the next available date for it to be considered to be plated as a taxi.

Take care,
Kind regards,
Natalie osborn
