Applicant	Mr Ahron Badavi
Options	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
Report Author	Vicky Limb licensing@teignbridge.gov.uk
Appendices / Background Papers	A: Request for extension B: MOT history C: Photographs D: Vehicle Inspection Sheet

1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 01.09.2015
Age of vehicle, if granted - 10 years 4 months

The vehicle will no longer meet the Council's licensing policy as it is now being more than 10 years old.

- 1.2 MOT passed on the 26 November 2025 with no advisories.

- 1.3 The Vehicle Inspection was failed at Abbots Commercials on the 29.01.26 however, passed at re-test on the 30 January 2026.

1.4 Licensing Officer:

At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

2. RELEVANT POLICY AND LAW

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose-built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Licensing and Regulatory Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 48(4)(c) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

'Every licence granted under this section shall— (c) remain in force for such period not being longer than one year as the district council may specify in the licence'.

- 2.4 Section 48(2) of the Local Government (Miscellaneous Provisions) Act 1976 states that:

'A district council may attach to the grant of a licence under this section such conditions as they may consider reasonably necessary including, without prejudice to the generality of foregoing provisions of this subsection, conditions requiring or prohibiting the display of signs on or from the vehicle to which the licence relates.'

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

"The Committee decided that vehicles being presented for initial licensing must be under five years old."

2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose-built cabs. However, the Committee decided that the Council could exercise discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Licensing and Regulatory Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.

Good afternoon,

I would like to put our vehicle forward for consideration by the committee. We are seeking approval to use it either as an eight-seater vehicle or for the transport of wheelchair-accessible passengers.

The vehicle would be used solely for school transport services operated under Devon County Council school transport contracts.

Kind regards,

Ahron

Regulatory and Appeals Committee

Dear Chairman and Committee

I would like to request an extension for my Seat Alhambra, first registered 30/09/2014, Registration KN64 THV. The current plate expires 6th February 2026 and the vehicle will be 11 years and 4 months old on expiry of the current plate.

The vehicle is in excellent condition inside and out. The vehicle is very reliable, a well maintained and needed 6 seater vehicle.

As this is not my main employment and I only do taxi work 3 or 4 weekends a month in the late-night economy I cannot afford to purchase a newer vehicle.

As a qualified engineer I am able to carry out regular services and replace any parts that are showing signs of wear or fatigue. Any work I cannot carry out myself is completed at a certified garage.

I have enclosed photographs and will be happy to present the vehicle to you should you wish to see it.

Yours sincerely

Michael French

TEIGNBRIDGE DISTRICT COUNCIL

LICENSING AND REGULATORY SUB COMMITTEE

PART I

Report Title	Request for Hackney Carriage Vehicle Mercedes Benz LN68 NSU Blue
Purpose	For the Committee to consider the request, including this report, representations made by the proprietor of the vehicle and to determine whether the vehicle is fit for purpose and should be issued with an extended licensing plate.
Applicant	Mr Rebaz Anwar
Options	The Committee may: a. Grant the request, with or without conditions; or b. Refuse the request.
Report Author	Vicky Limb licensing@teignbridge.gov.uk
Appendices / Background Papers	A: Request for extension B: MOT history C: Photographs D: Vehicle Inspection Sheet

1. APPLICATION DETAILS

- 1.1 Vehicle first registered – 10.09.2018
Age of vehicle, if granted - 7 years 5 months

The vehicle will no longer meet the Council’s licensing policy as it is over 5 years of age.

- 1.2 MOT passed on the 30 January 2026 with no advisories.

- 1.3 Vehicle inspection failed at the depot on the 15 December 2025. It passed at re-test on the 16 December 2025.

1.4 **Licensing Officer:**

At the time of writing this report the vehicle had not been inspected by a licensing officer.

Recommendation:

If the Committee resolves to license the vehicle, a condition requiring the vehicle to have six or four monthly vehicle inspections be imposed.

2. RELEVANT POLICY AND LAW

- 2.1 Paragraph 5.2 of the Council's Hackney Carriage and Private Hire Vehicle Licensing Policy states that:

A vehicle being presented for initial licensing is required to be under five years old at first registration.

A vehicle being presented for subsequent licensing is required to be under 10 years old with the exception of purpose-built cabs. The Council has discretion to continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that the vehicle is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Licensing and Regulatory Committee which can impose such conditions as it thinks fit including six and four monthly testing'.

- 2.2 All vehicle licences are issued annually.

- 2.3 Section 43 of the Town Police Clauses Act 1847 provides that:

'Every licence so to be granted shall be under the common seal of the commissioners, if incorporated, or, if not incorporated, shall be signed by two or more of the commissioners, and shall not include more than one carriage so licensed, and shall be in force for one year only from the day of the date of such licence, or until the next general licensing meeting, in case any general licensing day be appointed by the commissioners' and

- 2.4 Section 47(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides that:

'A district council may attach to the grant of a licence of a hackney carriage under the Act of 1847 such conditions as the district council may consider reasonably necessary'.

- 2.5 The above Policy and statutory provisions reflect the Council's responsibility to ensure that all hackney carriage and private hire vehicles are safe and fit for use by members of the public. The Committee has the discretion to license a vehicle if it is of the view that the vehicle is safe, fit for use and is in an acceptable condition.

- 2.6 The decision of the Committee following a complete review of the Hackney Carriage and Private Hire Policy in April 2009, after taking into account the views from the trade, were as follows:

"The Committee decided that vehicles being presented for initial licensing must be under five years old."

- 2.7 With regard to subsequent licensing, the Committee decided that a vehicle should be under ten years old with the exception of purpose-built cabs. However, the Committee decided that the Council could exercise discretion to

continue to licence Hackney Carriage or Private Hire vehicles which are older than ten years provided that the Council is satisfied that it is in a good condition and good state of repair and provided that it passes the appropriate testing standard. Applications for subsequent licensing for vehicles older than ten years will be considered by the Licensing and Regulatory Committee which can impose such conditions as it thinks fit including six monthly testing. The Committee did not consider it appropriate to introduce an upper age or mileage limit.”

2.8 Section 50(1) of the Local Government (Miscellaneous Provisions) Act 1976 provides:

‘that a district council shall not under the provisions of this subsection require a proprietor to present the same hackney carriage or private hire vehicle for inspection and testing on more than three separate occasions during any one period of twelve months.’

3. FINANCIAL IMPLICATIONS

The cost of defending the appeal if the application is refused and the applicant appeals to the Magistrates’ Court.

4. LEGAL

The Committee are required only to ensure that Public Safety is not compromised by the granting of an extension of the licence. If they are satisfied that safety is reasonably assured, they may grant the licence for a maximum of 12 months or such shorter period as they see as appropriate.
