

TO THE COMMITTEE

We would like the committee to consider private hire plate for Mercedes S Class EU59 LSC this vehicle is part of our wedding car fleet and we would like to be able to do the school proms and graduations as we do with our other wedding cars to do this the vehicle needs the private hire plate.

This vehicle is totally immaculate inside and out and has never been used for private hire or taxi work at all, if the plate is granted we would like you also to consider the smaller more discreet stick on plate for the rear as the vehicle is also used for weddings.

The vehicle has had its annual test and has no advisories noted.

Thanks Kevin Lynn
