The Council Strategy has a comprehensive set of risks associated to its delivery. Each risk has a set of mitigating actions which are reviewed and updated by the officers directly responsible.

These risks are monitored and discussed as part of the strategic and corporate risk reports that are presented regularly to the Strategic Leadership Team and Audit Scrutiny Committee. Any areas of poor performance or unacceptable risk are identified in the reports.

2.3 Environmental/Climate Change Impact

The council strategy contains a dedicated programme entitled Action on Climate. This programme looks at the actions the authority can achieve to reduce carbon emissions and to increase the district's resilience to the changing climate.

The organisational carbon footprint for the authority has been completed for the financial year 2018/19 and reviewed by SLT and Informal Executive; the carbon footprint report and supporting data are now available on the council website. Work is undergoing to develop a Carbon Action Plan to reduce the authority's carbon footprint.
