

Reasoning for the committee board

Good afternoon, ladies and gentlemen.

My name is Sami Barakat and I am writing you this note to ask you very nicely, please to offer me a vehicle licence for my Kia SO65LNY.

The car has been licenced in Teignbridge district before, but the licence expired on 16.09.2021.

The car has not been used in the past year due to the pandemic, but now I would need to use it, as more contracts are now available and therefore now there is work for this car, too.

The car is in perfect condition, and it is only 5 years and 9 months old, Euro 6 and still covered by the manufacturer warranty; therefore, a very good, safe and reliable car.

Please allow for it to get a new taxi licence based on its very good condition, overall.

I am looking forward to your response and in the meantime, I want to send you all the very best wishes.

With respect,

Sami Barakat
