Subject: Re: 2022 Oct 12 - New vehicle application committee

Hi

I've been emailed Acceptance of the transfer of plating of this vehicle from Exeter to Teignbrige Hackney.

Just to explain a little bit more. I've just recently rebadged myself with Teignbrige and Driver. I no longer work in Exeter. My first and primary vehicle is being plated this Friday and is four years old. The enclosed photographs are of a slightly older vehicle which is more than five years And is plated in Exeter is my secondary vehicle. It's an incredibly well finished vehicle and very reliable. With the costs of having a secondary vehicle less than five years today which set me back a lot of money. This E class estate is perfect for my needs a prime example of a quality vehicle. I want to continue to use this vehicle which is why I've applied for it to be transferred into Hackney with Teignbrige.

Rob
