Risk Assessment

The risks involved in not setting a balanced budget are highlighted throughout the report. The major risks are in 3.9, 4.13, 4.15 and 4.26 with reference to uncertainties

as to income projections following the pandemic and economic conditions, future funding – particularly business rates retention and New Homes Bonus and if an alternative funding stream to replace New Homes Bonus is provided when this is scrapped. A programme of identifying savings or increased income is required to meet the budget gaps for future years if additional funding is not provided from Government.

Environmental/ Climate Change Implications

The revenue budget supports the funding of a Climate Change Officer and associated revenue budget and capital projects are highlighted which contribute towards our climate change objectives in appendix 7 – capital programme. Additional temporary staffing resources are proposed within the revenue budget to assist with the implementation of various works to meet our climate change aspirations.
