

## Regulatory and Appeal Committee Request

Dear Chairman and Committee

My name is Stelian-Emanuel Savescu, I am currently a licensed private hire driver with Transport for London. I am moving to Teignbridge in May 2023 and would like to get a licence in Teignbridge.

Unfortunately, my vehicle was 5 years old 26<sup>th</sup> October 2022 and is now 5 years and 6 months old.

The car is in excellent condition internally and externally and it is a Hybrid electric. The cost of replacing this high-class vehicle with one that is under 5 years old is not achievable on top of the high moving costs and the current rate of inflation. I would be grateful if the committee would consider licensing my vehicle as a Hackney Carriage in Teignbridge as it is already a plated vehicle in London.

Your Sincerely

Stelian-Emanuel Savescu
