Dear Sir/Madam,

I write to request the consideration of a executive small plate for WJ23OEA instead of a large white Private Hire plate, I enclose photos of the vehilce. The reason I ask for this is for the following reasons.

We take high end clients to and from airports who prefer its not obvious that they are getting a taxi.

We also take SEN children to school on behalf of Devon County Council often a taxi plate makes them feel conscious of the vehicle and different where as a small plate is not so obvious.

I would be grateful if you would consider this at the next committee meeting.

kind regards

Christopher Smith
