

For the attention of the Regulatory and Appeals committee

Good morning, Chairman and committee

I would like to request the replating of my vehicle GJ18 BNF, a white Hyundai Ioniq.

I purchased this previously plated vehicle earlier this year from a taxi driver and intended to use it for personal use. Since then, my personal circumstances have changed and I am in the process of obtaining my Hackney Carriage licence.

The vehicle is 5 years and 6 ½ months old. It is in excellent condition inside and out as can be seen in the photographs provided. It is a Hybrid electric therefore environmentally friendly and economical to run.

This is a new career opportunity for me and I cannot afford to sell this vehicle to purchase one that is a year younger at this current time.

I hope that you will look favourably on this request so that I can pursue my new career as a taxi driver.

Yours sincerely

Monica Gheorge
