

Regulatory and Appeals Committee

Good Morning Chairman and Committee

I would like to make a request for a larger sticker for the rear of my Vauxhall Astra estate. The current sticker can not really be seen so I would like to put a larger one at the base of the window. It would just be my name Frenchys Taxis followed by my phone number. It will not be of a size or design that will obstruct any rearview sight.

I would also like to have two smaller ones on the rear windows on the side, again this will not cause any restriction to visibility.

I do not like to attach stickers to the bodywork as when they are removed they always cause damage. Mainly due to the body work fading around the stickers or discolouring under the stickers.

I hope you will consider my request.

I have included photo's so you can see exactly where I would like them

Yours sincerely

Mike French
