To whom it may concern,

This letter is to formally request that my vehicle be brought forward to committee and deem whether it is suitable to become a hackney carriage.

As you can see from its previous MOT, it has a considerably low mileage for a vehicle of 6 years old that has also been used as a private hire vehicle. It is also mechanically sound.

The condition of the vehicle is exceptional and would be a great addition to the Teignbridge district due to the higher demand of vehicles needed this year to help rebuild the transport industry to where it once was before the COVID precautions.

Should you want any more information or would like to look over my vehicle personally, please let me know.

Kindest regards
Iulian Marcu
