Good Afternoon

The reasoning for the application is that Eassa needs to continue working the school contract with DCC for extra income to supplement his state pension. He has a medical annually and wants to work as long as he passes the medical.

The vehicles were purchased new from Mercedes, he therefore has a history of the vehicle which he maintains with Mercedes parts. He would not be suitable for a loan for a new vehicle and is comfortable running the vehicle he has maintained fondly.

Kind regards

Denise Alipour
