Regulatory and Appeals Committee

Dear Councillors

I would like to request that my vehicle is considered for licensed for private hire. The vehicle was first registered 29th April 2019 and will be 5 years and X days old, depending on the date of the committee hearing.

My vehicle is Citroen C3 Flair and is in excellent condition inside and out. It has fairly low mileage for a 5 year old car with only 39,598 miles on the clock and the last MOT only had one advisory for the rear tyres. All four tyres have been replaced.

I can not afford to replace this vehicle with a new one as I am just starting out on this new journey. I was hoping that my driver application would have been completed by the 29th April but the process took slightly longer than I expected. I hope you will look favourably on my application.

Yours sincerely
