Licensing Team and Appeals Committee,

I am writing to you in regards to an application for a small private hire plate/sticker for a VW Touareg Hybrid we have recently purchased.

The vehicle is 1 years old (registered 20/10/2023) and would be used for events such as weddings, funerals, business meetings and rarely, school contracts.

The small plate would give this car a more executive feel and would alleviate any problems or damage if we were to fix a full plate to the vehicle.

I would appreciate it if you could take this into consideration.

Many thanks,

Lee Ellison.
