**Subject:** Re: LJ18 KVF - New PHV

With new registration as YTT70

Attached will be photographs and a statement from me.

I Rob Kenny Formally request the committee to review my application for a vehicle over the age of five years. This new vehicle replaces a previous one which I used with Teignbrige private hire.

So the current vehicle is a V Class Mercedes Which I use for chauffeuring type work and very comfortable Longer distant journeys. I had to replace my previous vehicle as I simply wore it out Due to the success of my professional standards work

So onto the new vehicle.

The very newer version of this vehicle is very very expensive but also unfortunately unreliable. So the older model which I have purchased has a very reliable record with durability at its best. I only provide the best for my customers who expect the best. Business is booming and I've created quite a connection with a group of other drivers in which we move work around to suit our timetables.

I hope this explains why I bought a slightly Older vehicle, And I look forward to meeting you in committee.

Rob Kenny
