Licensing Team and Appeals Committee,

I am writing to you in regards to an application to extend the licence on this vehicle. (KX64 OZF)

The vehicle is now 10 years old (registered 20/11/2014) and would be used solely for school contracts.

The vehicle is in great condition. The bodywork is sound. The interior is still spotless and the vehicle has only done just under 95,000 miles.

I would appreciate it if you could take this into consideration.

Many thanks,

Lee Ellison.
