## Risk Assessment

The risks involved in not setting a balanced budget are highlighted throughout the attached report. The major risks are in 3.9, 4.13, 4.15 and 4.26 with reference to uncertainties as to income projections following the current economic conditions and further analysis on the recently announced funding review. A programme of identifying savings or increased income is required to meet the budget gaps for future years if additional funding is not provided from Government.
