Sector updates

March 2026

Sector Updates

Public Sector Finance Leaders' Barometer

Audit Committees can obtain new analysis of the issues public sector finance leaders most prioritise, and how it might affect their organisation, here:

[The Public Sector Finance Leaders Barometer | Grant Thornton](#)

Background:

Grant Thornton's 2026 Public Sector Finance Leader's Barometer draws on the views of 100 s151 officers across local government in England to identify the top three strategic priorities, operational pressures and in-demand skills for public sector finance this year.

84% of those interviewed were confident that their medium-term financial strategies will hold, but there was consensus that the biggest risks those strategies face are largely outside the s151 officer's control: Growth in demand for statutory services; unfunded policy changes; and failure to deliver change programmes.

These risks highlight the need for better demand modelling, earlier horizon scanning, and disciplined delivery of change programmes. However, workforce shortages, recruitment challenges, and increasing complexity, mean there's simply not enough capacity to deliver transformation at the required pace.

Interviews with 100 s151 officers identified for 2026:

The top three strategic priorities are:

- ❖ Digital transformation
- ❖ Talent attraction and retention
- ❖ Regulatory compliance

The top three top operational pressures are:

- ❖ Rising operating costs
- ❖ Complexity of regulation
- ❖ Workforce and skills shortages

The top three most in-demand skills are:

- ❖ Technical accounting
- ❖ Data analytics and business intelligence
- ❖ Change management

CIPFA Code changes to the accounting for non-investment assets

Changes introduced in the 2025/26 Code:

The 2025/26 CIPFA Code introduces substantial changes arising from the HM Treasury Thematic Review on Non-investment assets, and the requirement to keep the valuations of certain assets up to date:

- ❖ The introduction of a valuation expedient requiring valuations once every five years or on a five-year rolling basis, in each case supported by indexation in intervening years; and
- ❖ The Code requires the use of the best available indices and, where no index is available, a desktop valuation is undertaken in year three.

The following asset classes are affected by the change:

- ❖ Other land and buildings;
- ❖ Vehicles, plant, furniture and equipment (where carried at current value);
- ❖ Surplus assets; and
- ❖ Right of use assets measured at current value

Assets which are not in scope of the changes include council dwellings; vehicles; plant and equipment carried at depreciated historical cost as a proxy for current value; infrastructure; assets under construction; heritage assets; assets held for sale; intangible assets; and community assets carried at cost.

Why Indexation is important:

Indexation is a new requirement in the Code, intended to provide a reasonable estimate of how market values have changed, rather than an exact valuation. A range of indices are available, and authorities will need to exercise and be prepared to explain their judgements on which indices are the most appropriate to apply across their asset base. Authorities may apply indexation to 31st March 2025 carrying values, providing the assumption that existing carrying values are true and fair is valid. Where valuations are required, they must be undertaken at least once every five-years or when there are indicators of impairment.

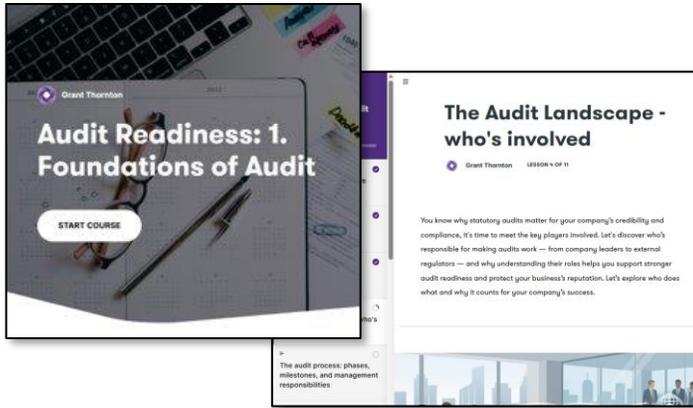

Audit Committees can help by asking:

- ❖ Have we sought advice from an expert valuer on which indices are most appropriate for our various assets within scope of indexation?
- ❖ Have we documented our rationale regarding why we select/reject or deem there to be no indices?
- ❖ How has indexation been calculated/ applied in underlying records/ asset systems?
- ❖ Have we ensured that asset records distinguish between revaluation versus indexation, so that we have a clear record of when valuations are due and when valuations were last carried out?

Audit Readiness Training

Supporting high-quality 2025/26 accounts

As the local audit system moves from backlog recovery towards a renewed focus on timely, high-quality assurance, authorities are operating within a changing standards environment.

New statutory backstop deadlines and the introduction of Global Internal Audit Standards from April 2025 are increasing expectations around audit capability, consistency and documentation – at a time when workforce and skills pressures across local government finance and audit functions remain a recognised risk to audit quality.

In response, we've developed CPD-accredited online training to support audit teams in applying evolving standards in practice – strengthening technical confidence, improving audit documentation, and supporting more predictable and transparent audit delivery for Audit Committees.

What's included?

The Audit Readiness training is delivered through a 90-minute online training session built around seven learning modules;

- Foundations of Audit
- Planning for Audit Success
- Data and Documentation Management
- Complex areas of the audit
- Internal Controls & Risk Management
- Communication & Collaboration
- Hot Topics

Each module includes a knowledge test assessment, key takeaways and where applicable downloadable resources to support ongoing learning.

Key Benefits

Build lasting capability

Equip teams with the skills and confidence to manage audits effectively, now and in the future.

Share knowledge, not just answers

Designed to transfer expertise so teams understand the 'why' behind best practice.

Upskill your people

Helps every team member grow their technical understanding and strengthen collaboration.

Flexible learning that fits any schedule

Access training when it works for users, making it easy to build into existing workloads.

Improve outcomes and efficiency

Reduce audit queries, avoid delays, and strengthen relationships through proactive preparation.

Finance Settlement 2026/27 to 2028/29

Key information for Audit Committees to be aware of:

The Government published the final Local Government finance settlement for 2026/27 to 2028/29, valued at some £78 billion, on 9th February 2026. We note that:

- ❖ This was the first multi year settlement for a decade, helping to create certainty for financial planning.
- ❖ Councils will have up to 90% of their historic SEND-related deficit balances as at 31st March 2026 covered by a new grant.
- ❖ Some Councils impacted by historic funding cuts will receive targeted investment through a £440 million Recovery Grant uplift, aimed at increasing spend on street cleaning, pot-hole repair and services.
- ❖ There is an extra £272 million homelessness funding to invest in Homelessness, Rough Sleeping and Domestic Abuse Grant; an additional £50 million to help Councils implement the Renter's Rights Act; and an additional £39.6 billion for mayoral capacity.
- ❖ Seven councils have been granted permission for flexibility to raise council tax over the referendum limit.

[Key information table for local authorities: final local government finance settlement 2026 to 2027 - GOV.UK.](#)

There are important aspects to be aware of:

- ❖ Although all local councils with a SEND deficit will be eligible to receive the new grant funding, they will need to secure approval of a SEND local reform plan first.
- ❖ Residual SEND deficits accrued by 31st March 2026 will only be covered by statutory override until 31 March 2028. Similarly, any new deficits incurred in 2026/27 and 2027/28 are only covered by statutory override until that date.
- ❖ The new Indices of Multiple Deprivation, have brought changes in the distribution of funds between areas – some areas will gain, but others will lose.
- ❖ The government has still had to approve [Exceptional Financial Support](#) for 35 local authorities.

Audit Committees can help by asking: What does the finance settlement mean for their Council? How are we mitigating any losses? How are we planning for best value from gains?

Local Outcomes Framework

Audit Committees should seek to understand how their organisation is implementing reporting against new local government Outcomes:

The Government published a new Local Outcomes Framework on 9th February 2026, setting out 16 national priority outcomes that central government and local government will work together in partnership to deliver:

[Local Outcomes Framework: Priority outcomes and metrics - GOV.UK](#)

Using the Outcomes Framework will be a radical shift in the way that the performance of local government is assessed. We will see a shift from process-heavy form filling by Councils for central government, to a clearer focus on what Councils are actually achieving at local level.

Prominent sector commentators such as [Solace](#) and the [Local Government Association](#) have reacted very positively.

The Outcomes in turn are supported by metrics that will be populated from robust, well known national data sources such as the Office for National Statistics; Government Departments for areas such as Health and Social Care, Education, Transport, and Work and Pensions; the Ministry of Justice; and Sport England.

New local government Outcomes:

- ❖ Housing Supply
- ❖ Housing quality and safety
- ❖ Homelessness and rough sleeping
- ❖ Multiple disadvantage
- ❖ Best start in life
- ❖ Every child achieving and thriving
- ❖ Keeping children safe (children's social care)
- ❖ Health and wellbeing
- ❖ Adult social care – quality
- ❖ Adult social care – independence, choice and control
- ❖ Adult social care - neighbourhood health / integration
- ❖ Neighbourhoods
- ❖ Environment, circular economy and climate change
- ❖ Transport and local infrastructure
- ❖ Economic prosperity and regeneration – contextual outcome
- ❖ Child poverty

Audit Committees can help by asking how existing key performance indicator metrics will align with the new national metrics.

Local Government Reorganisation and Devolution Update

Latest Developments:

- ❖ **11th January 2026:** Consultation closed for four Devolution Priority Programme areas undergoing unitarisation. Decisions are expected in March 2026.
- ❖ **20th January 2026:** The English Devolution and Community Empowerment Bill moved to Committee stage.
- ❖ **5th February 2026:** New consultations were launched on local government reorganisation proposals for another 14 different areas across England. The consultations will run for seven weeks until Thursday 26th March 2026 and can be found here: [Local government reorganisation: Policy and programme updates - GOV.UK](#).
- ❖ **12th February 2026:** All areas in England without devolution can propose foundation strategic authority boundaries by 20th March 2026. [Written statements - Written questions, answers and statements - UK Parliament](#)
- ❖ **12th February 2026:** Proposals for nine new foundation strategic authorities were announced at the same time as announcing new spatial development strategies [Areas for producing spatial development strategies - GOV.UK](#)
- ❖ **16th February 2026:** The Government confirmed that the local elections due in England on 7th May 2026 will go ahead for 30 councils where delays had previously been announced.

The [Institute for Government \(IFG\)](#) suggested in December 2025 that the government may have fundamentally misunderstood the scale of the local government reorganisation task it set itself.

For those trying to deliver the task, two sets of material from Grant Thornton may be useful:

- ❖ **March 2025 - [Navigating the future: The dual challenge of local Government reorganisation and devolution | Grant Thornton](#)**
- ❖ **March 2025 - [Dual delivery - How can areas successfully reorganise local government and implement devolution at the same time?](#)**

The Crisis and Resilience Fund

Key information for Audit Committees:

- ❖ A new Crisis and Resilience Fund (CRF) will be introduced from 1st April 2026, replacing the Household Support Fund and providing a £1 billion annual government fund in England, until March 2029, to help low-income families if they suffer financial shock.
- ❖ Culturally, there will be a big difference between the new CRF and its predecessor, the Housing Support Fund (HSF). The CRF emphasises lasting support and resilience (into the long-term), while the HSF focused on immediate crisis response.
- ❖ The new CRF will have three main aims: Effective crisis support; improving the citizen's own financial resilience (ability to withstand financial shock); and bolstering local support networks in communities.

Updated guidance was provided by the Government on 21st January 2026 **Crisis and Resilience Fund: Guidance for local authorities in England (1 April 2026 to 31 March 2029) - GOV.UK.**

Audit Committees should ask how well prepared their organisation is for the new approach.

Successful legacy planning for major events

Sector trend for Audit Committees to be aware of:

Just as UK and Ireland Ltd starts to ramp up work for the Euros 2028 to be based at nine different locations across our two countries, so Mayors and Local Government Leaders from the North of England delivered a [joint letter on 8th February 2026](#) (from the Great North to the government), calling for any future UK Olympic and Paralympic bid to be centred in the North of England. The letter highlighted the legacy benefits that can accrue for regions from major sporting events in terms of jobs, regeneration and transport links.

Successful legacies don't happen on their own though. They take careful planning to achieve.

The [International Olympics Committee's Strategic Approach to Legacy](#) has in the past emphasised:

- ❖ Embedding communication legacy objectives from the very start of the Olympics bid process;
- ❖ Developing strong partnerships to deliver the legacy; and
- ❖ Setting up effective governance for legacy measurement.

For economic legacy, [World Economic Forum](#) data published in February 2026 highlights the importance of strong and realistic forecasting.

In the North of England, it is clear that the sense of partnerships is already strong.

As the Leaders of Westmorland and Furness Council, and Cllr Mark Fryer, leader of Cumberland Council, both said:

“It is unlikely that stood alone any city or county (in the North) could have realistic hopes of pulling off such a major coup. But the combined ambition and offer of the authorities across the North of England is a far stronger proposition.”

Local authorities throughout England oversee sporting and cultural events on many different levels. Wherever there is investment, Audit Committees can ask: Have we set and communicated goals?; Are we measuring impact?; and what governance is there over how we forecast and measure?

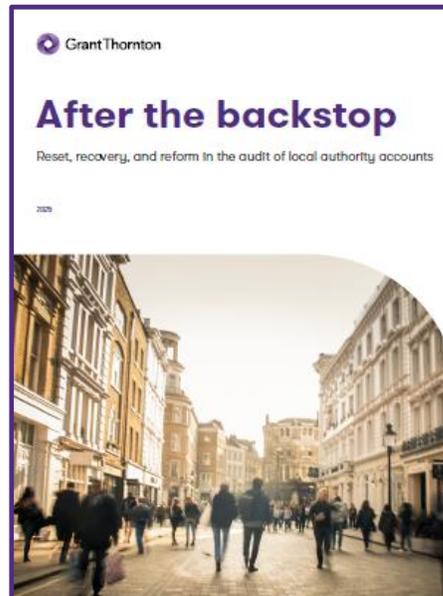

After the Backstop:

Reset, recovery and reform in the audit of local authority accounts

Our latest thought leadership report ‘After the Backstop: Reset, recovery and reform in the audit of local authority accounts’ was published in December 2025.

In this report we explored the development and implementation of a ‘reset’ of the local audit system, the immediate and longer-term consequences of the ‘backstop’ before turning attention to the reform of the system, the challenges involved in returning to widespread and sustainable compliance with audit reporting timeframes and what, in our view, is needed next. We also set out a series of recommendations for the Local Audit Office, the UK Government, local bodies, Audit Committees, and auditors.

The full report is available here: [Local audit reset: What comes after the backstop? | Grant Thornton](#)

Gareth Davies, Head of the National Audit Office, informed Parliament [in a keynote speech on 10th February 2026](#) that the use of disclaimed audit opinions to meet backstop dates, coming after years of backlogs in the accounts, means that *“we have no independent assurance about how local government spent billions of pounds of public money”*.

By coincidence, we were joined at a webinar by some 140 local government finance professionals and Audit Committee members on the same day to discuss reset, recovery and reform in the local audit market. Insight from the discussion can be found here: [After the Backstop | Grant Thornton](#).

Key recommendations to Audit Committees are:

- ❖ Recruit independent members with appropriate skills and experience.
- ❖ Hold management and auditors to account.
- ❖ Report to full Council on an annual basis with their assessment of the accounts preparation and audit process.
- ❖ Understand the approach to be taken to rebuilding audit assurance where previous accounts were disclaimed:
- ❖ Ensure appropriate consideration is given to future financial management where local government reorganisation applies.

LGA Regional Audit Forums for Audit Committee Chairs

These are convened at least three times a year and are supported by the LGA. The forums provide an opportunity to share good practice, discuss common issues and offer training on key topics. Forums are organised by a lead authority in each region. Please email ami.beeton@local.gov.uk LGA Senior Adviser, for more information.
