

Dear concerned

Please take this as formal confirmation that I would like to apply for a licence extension for my Hackney carriage H440 registration DN62 WNU.

I feel the vehicle is in excellent condition and had a new engine 18 months ago so it feels and drives like a much newer vehicle. It has also had a good amount paintwork over the last 12 months.

For these reasons I would like you to put this vehicle forward to committee in the hope they will grant me a licence extension.

Please find attached photos.

Kind regards

Ben Clement
