Item No.	Description
7	<p>20/00104/ENF – Land known as Bovey Heath farm, Newton Road, Bovey Tracey</p> <p>Unauthorised siting of mobile homes</p> <p>Received a letter from the Owner's agent to explain how the three mobile homes are being used by all the occupants as a single residential unit and not individually occupied. It seems that only one unit has a fully fitted kitchen. There is reference to this not being looked into further as part of the Certificate of Lawfulness for the single dwelling (reference 24/00540/CLDE).</p> <p><i>Officer Response: Although the Council did try and view the units with an arranged visit no one attended to allow access. However, it is still considered there are three mobile homes being used for residential purposes, whether it be as a single unit or separately. The purpose of the enforcement action is to ensure the use ceases and the mobile homes are removed.</i></p> <p>It is also claimed that the works carried out to provide the decking around the mobile homes no longer make them mobile so the breach should be considered operational development and not a change of use of the land.</p> <p><i>Officer Response: It is the Council's opinion that the mobile homes are still moveable and constitutes a use of the land.</i></p> <p><i>In addition, further details have been provided relating to health issues associated with the occupants of the units. Should it be necessary to discuss these matters it would be necessary to put the matter into a Part 2 discussion.</i></p>
